Science + Anti-Bacterial + Oil + Wax

SHINNING Co., Ltd.

Greeting

It's our great pleasure to introduce SHINNING Co., Ltd., car care products supplier.

Since its establishment in 1983, SHINNING has produced top-quality car accessories through technological, scientific innovation and diligent quality control.

In 1985, SHINNING became the first Korean manufacturer to export car dusters to USA. At present, we export to more than ten countries all over the world, and our products have received world-wide recognition.

We have accumulated experience, developing technological expertise and creativity for the past 30 years. Particularly, the construction of our top-of-the-line automated manufacturing facility in Cheongwon-gun, Chungbuk in 1993 marked a new stage of SHINNING has grown into an industry leader that successfully competes in the challenging global market.

SHINNING's continued growth would not have been possible without the support of our customers. All of us at SHINNING promise to make best efforts to remain as world-class manufacturer.

We look to the future with confidence and determination.

Thank you.

Shinning Co.
